HOLISTIC HEALTH

An array of modalities and techniques that identify and treat areas of the mind and body to aid in your health and wellness journey.

Aromatherapy | Herbs and Supplements
Iridology | Bach Flower Remedies
Nutritional Counseling
ZYTO Scanner and Technology

Aromatherapy Treatment that uses essential oils to aid the body in times of physical and emotional stress. Restores balance utilizing the gifts of nature.

Iridology A technique that examines the eye's iris to reveal inherent strengths or deficiencies in organs, tissues, or glands.

Bach Flower Remedies An odorless, tasteless tincture, tailor made from different flowers that possess specific frequencies, to restore emotional balance and energy fields, and fosters an environment for your body to physically heal.

ZYTO Scanner Simple and painless device used to perform biocommunication of the human body. Scans all body parts and organ systems for heavy metals, bacteria, parasites, viruses, chemicals, food sensitivities and allergens.
